DATE: _____ CHECK-IN TIME: _____

INSTRUCTIONS:

AM PROCEDURE: No food after midnight. You may have sips of clear liquids the morning of the procedure.

PM PROCEDURE: You may eat a light breakfast (by 7:00 am), then nothing by mouth until after the procedure.

Please note – Take your blood pressure medicine the day of the procedure. Bring all of your medications to the hospital with you. **DO NOT STOP** Plavix, Ticlid, Effient, Brilinta, or Aspirin.

*** IMPORTANT ***

Inform our office staff immediately if...

- You are allergic to Iodine (contrast dye)
- You are on the medication Coumadin (Warfarin) stop 3 days prior. ,Pradaxa, Eliquis, or Xarelto stop 3 days prior.
- You are on the medication Glucophage (Metformin), or Janumet, do not take the day of your procedure. The doctor will tell you when to begin it again.

Diabetics: Please check with your diabetic doctor if you have questions regarding diet/medication instructions.

This test is considered an outpatient procedure, and you should be able to go home several hours after the procedure.
You will need someone to drive you home.
