DATE: _____ CHECK-IN TIME: _____

INSTRUCTIONS:

Nothing by mouth 8 hours prior to the procedure. This will reduce the likelihood of nausea or vomiting. You will be asked to check in 2 hours before the procedure. The test itself will take about half an hour. If no other procedures are done, you may be able to leave within an hour after the procedure. We recommend you have someone available to drive you home, if discharged the same day.

Hold all medications that day until after your test. Please let us know if you are a diabetic so we can advise you on your diabetic medications.

Return appointment post-procedure: _____
